

The Resilience Foundation's Hurdle Buster Program

For just \$200 (the price of an individual membership in the 4 States Sports Founder Program) you can sponsor a deserving child for one year.

You can specify a child that you would like for this gift to go to or they will be chosen from the applications. All applications are reviewed monthly by The Resilience Foundation Board of Directors. Donations are designated to a deserving child who will be awarded a one-year scholarship. This young person will have access to the complete facilities at the 4 States Sports complex as a full member. They will become a part of our mentor program where a coach will be assigned to work with this child in the athletic or scholastic field of his or her choice as well as general life guidance to show them a path to success in their future.

There are no limitations to this program. Our goal is to help children that might not have the same opportunities as some of their peers. We will instill in them that hard work and a positive attitude can help you to 'bust the hurdles' that might otherwise stop you in your life path. These children will forever be a part of our family and we look forward to the opportunity to help them make their dreams come true!
